

Escaping Poverty Traps

*Connecting the Chronically Poor
to Economic Growth*

Andy McKay is Professor of Economics at the University of Sussex, where he has worked since 2006. He acts as Associate Director of the Chronic Poverty Research Centre, within which he is an active researcher. He works particularly on poverty analysis, pro-poor growth and the distributional impact of economic policies, and is widely published in these areas. He also has extensive experience of providing policy advice to developing country governments, DFID, World Bank, European Commission, and others.
